

Stephen Naegele

CLAC Tier 3 Candidate

I have lived in Collings Lakes/Folsom my whole life. I am currently living in Folsom with my wife, son, and our Great Dane. I am currently the Vice President of the CLCA and also take on the role as our “IT” guy, which just means I maintain and update the website, email blast the monthly meetings and newsletters.

I have a deep connection with this neighborhood, and have many fond memories here. When I try to explain to people how we used to swim everyday in the summer and ride bikes in the woods all year long with ten plus friends, it seems many cannot relate. I want to see this neighborhood filled with children running around, having fun, and being proud of where they are from. I know what it takes to get us back there and that’s why I take my position on the board very seriously. I want what is best for our neighborhood and I will do my part to make sure that happens.
