

Henry Burhenne

CLCA Tier 1 Candidate

I live in Collings Lakes on Lake Albert at 401 Cedar Lake drive with my wife of 24 years Caroline Burhenne and our son Kyle Burhenne. We purchased the house in July of 1996.

I went to Hammonton High School and graduated in June of 1984. I have worked in The Philadelphia Carpenters union for 36 years and retired June 30th of this year. I have much experience in construction and construction management that I think would be helpful as a CLCA board member.

Since 2006 I have worked for Cyma Builders and construction manager as a project superintendent on mostly Pharmaceutical projects.

Thank You for considering me for this project

Work Experience

Project Superintendent

p

August 2006 to October 2021
