

Bio of Carol Weldon

First and foremost, I wish to Thank You for nominating me as your Tier II Representative.

My family has lived in the community since 2005 and have witnessed the trial and tribulations that we all have gone through regarding our dams, beaches, and community.

We cannot change the past, however, when we work as a team, a community, we can make frivolous spending of our money a thing of the past. My goal, along with your board of elected Tier Representatives is to be transparent with all spending, bring our community to a place where future generations will want to live with a feeling of pride and commitment to the town, surroundings, and its community members.

We can only accomplish these goals if WE all work together. Open lines of communication, transparency and watchful spending is my goal for your elected tier representative.

Thank you for your support.

Carol Weldon, Tier II
