

Hello Everyone! My name is Lynn Venezia, and I am running for the At Large seat for the Collings Lakes Civic Association. I have lived in this community 50 years.

I previously worked with the board from 2018-2021. I fixed all the accounts in QuickBooks and got the paying residents from 50% to 90%. These actions reflected positively on the board, which resulted on getting approved for a bank loan for Cushman Dam.

One might ask: what will Lynn do for the community if she gets elected? FULL TRANSPARENCY! This not only means between the members of the board, but between the board members and the residents. I am hoping this will lead to trust from the community in how their money is being spent. I want everyone to be able to ask a question about anything, have it answered, and not have any backlash from it.
