

Mark Wainwright Bio

My wife Diane and I have lived in Collings Lakes community for 5 years.

During this time, I have volunteered on the Grounds Committee as well as the Dams Committee.

Before moving to Collings Lakes, I had a position with the Brittany Meadows condo association in Mt Laurel. As a committee member I was involved in working with residents and the association's management company.

Professionally, I manage two locations for an agricultural retailer in Burlington and Cumberland Counties supplying products and services to local farms in South Jersey.

I am running to be the Tier 1 representative and would appreciate your vote for this office.
