Subject: Re: Answering emails

To: Slimm Steven <smslimm@collingslakes.org>

Steve, I would give her a dead line date and if nothing, I would call her boss. Enough is enough...

Beth-Ann,

As of yet you have not answered my email with any answers to my questions. I want the pictures from Kate and the report Kate has prepared. Also how come this is taking so long? We want this dam completed and all we see is stalling on your behalf. Where is the approved design and why does RDZ not have one yet so we can get this dam started. I must tell you I am not a happy person. I feel like you just don't care about this job or community. If you can not complete the job please turn it over to someone that can.
