AnnaMarie made a motion to establish and be the oversight for ACV Management company. The collaborative effort will include Steve Slimm and Mark Wainwright. The goal will be to eliminate further errors and establish guidelines for ACV. An in person meeting at the office of ACV will take place between Christmas and the New Year.

Discussions regarding the 2026 budget are actively taking place to see if an increase is necessary and what the increase may be.

Last year Mike Hollander had been in touch with a grant writing company that has experience in communities for the beautification of grounds, public spaces etc. Mike has given the board a wealth of information and AnnaMarie and Mike are going to work on this in 2026.

AnnaMarie made a motion to bring back committee meetings for Grounds, Fundraising, Community Events and the Dams. These committees will meet monthly via Zoom except for the Dams committee, they will continue to meet in person.

We went over the next fundraising event. AnnaMarie will get the information out to the public within the next two weeks. It is with the 2<sup>nd</sup> Avenue Thirft Store in Marlton NJ.
